ANNUAL CONCERT AT HIGH SCHOOL

Musical Organizations Ren-
der Splendid Program
Thursday Evening

ORCHESTRA WELL RECEIVED

Those who believed when they at-
tended the first annual concert of
high school musical organizations
last year that no better program
could be given were mistaken. The
annual concert, Thursday evening
last, was a success. The snappy young
musical organizations, these high
school musical organizations, an-
nual concert, surpassed themselves
and surprised their friends by the
excellence of their renditions.
The orchestra, numbering 21
pieces performed in magnificent
style and the mandolin club showed
much proficiency. Soloists and per-
formers in special part arrangements
demonstrated that much of the
real musical talent of the community
is to be found at high school.

The entire program was given un-
der direction of Prof. I. T. Daniel,
with Prof. Guy Garrett in charge of
the mandolin club. Accompanists
were Miss Mary Welch, upon whom
pled to the soil. It can be used pro-
Goldsmith and Miss Rosella Thomas.

Among the features were included
a solo and chorus number, "Carry
Me Back to Old Virginia," an ar-
rangement by Prof. Daniel, with Miss
Jean Bowers and a double quartet,
composed of Virginia Zellers, Irene
Jones, Vexella Brown, Ruth Cleri-
hne, Wellington Carl, Claude McKen-
na, Russel Carl and John Pollock.
Another feature was a quartet of col-
ored girls who sang with a splendid
balance two especially pleasing num-
bers. Members of this quartet were
Mary Thomas, Catherine Perry, Bea-
trice Bush and Rosella Thomas. In-
strumental soloists were Felix Re-
pine and Clare Guswiler, the former
a clarinetist and the latter violinists.
Vocal soloists were Russell Carl,
bass, Miss Mary Thomas, soprano,
Miss Sarah Winer, soprano and Prof.
Daniel. A duet was sung by Misses

o'clock this afternoon and was burn-
ing at press time, with indications
that it would be practically destroyed.
The origin of the fire is not stat-

was caused by alarm trouble, which
first sent the firemen on a wild goose
chase to Luella avenue. The damage
will be heavy.

OUR CELEBRATION

Tomorrow Charle-roi will celebrate in proper manner the fact that the celebration is in honor of Uncle Sam and somewhat of a solemn occasion, marking the town's formal observance of the nation's entrance into war for liberty.

This is a time for patriotism. In no better manner could we express our love of country. For patriotism some times requires a show. This may be the only demonstration while the war lasts, but it will be timely in that it comes before the seriousness of the trouble is realized.

It is a fact that we as yet have been unable to form a correct impression of the nation's war. It seems a far-off, vague affair, a row in which others, but not ourselves are concerned. But let there come actual conflict with an Imperialistic army and let a corps of our boys lay down their lives and color the field of battle with their blood. Then will our faces blanch and our nerves tauten as we realize. We then will know the dread of the English and French and the awful contemplation of the brave Canadians, to whom the fearful struggle has taken on a very real and terrible meaning.

The demonstration tomorrow will be a demonstration with a purpose. Work has not been done and time and money expended for nothing. The demonstration has been arranged to show Charle-roi's loyalty and to include in all who attend a greater spirit of patriotism and a finer conception of those things for which the nation's flag stands.

TRICK SPARKS

Did you ever notice the expression of feet at a counter restaurant?

You can always tell how hard a man intends to work by the manner in which he takes off his hat.

If the United States administration would prohibit Teddy from going to France with an American troop, wonder if they would permit him to enlist in the French army?

The hope of sweethearts is that Germany will be licked before one of those 1,600,000 men steps into France.

No Afternoon Delivery

There will be no delivery of mail Saturday afternoon by the postoffice carrier force, but the carriers will be at the postoffice to distribute mail to those asking, between 5 and 6 o'clock.

Notice to Bidders

Bids will be received by the Chief Burgess and Town Council of the Borough of North Charle-roi up until Monday June 4, at 7:30 p. m. for the construction of an eight inch sewer or Isabella avenue. Also bids for a baffle wall along the property of H. H. Myers and for two sewer drops on Lincoln avenue. Plans and specifications may be seen at the office of the borough clerk.

DOCTORS BRING IN IMPORTANT VERDICT

THEY ALL AGREE WITHOUT DISSENT-
ING VOICE

Since the remarkable discovery of the exceptional beneficial results from the use of Phosphated Iron in anemia and general debility it is estimated that millions of people in the Eastern States alone are taking it. Most astonishing results are reported by every physician who has prescribed it and all give it hearty endorsement. Leading Doctors have said its use would eliminate all blood and nervous trouble and give us strong, clear skinned, healthy, vigorous men and women.

Physiologists have known for years that there cannot be healthy growth of blood and strong nerves where there is lack of Iron and Phosphates, that nine-tenths of all skin diseases are due to the absence of these two important elements. Specially is this so in the case of women who so often have facial blemishes. One of our foremost beauty specialists said to our reporter: "Show me the woman with the healthy, clear, ruddy complexion, velvety skin, bright eyes, exuberant spirits and vigor and you will find loads of Iron and Phosphates in her system every time."

Doctors claim that pale anemic women who have "that all gone look," dragging themselves around with no ambition, weak nerves, irritable and nervousness, can trace their condition directly to the lack of Iron and Phosphates in their systems. There is absolutely no excuse for their suffering this way while Phosphated Iron is within their reach.

Physicians have always known and the general public are finding it out for themselves that watery, thin blood is due to the absence of Iron and Phosphates and to correct this and obtain a healthy circulation which means life and all that it implies, take Phosphated Iron.

Leading Doctors all over the land are prescribing and giving their patients Phosphated Iron as one of the standard remedies which they can look to to produce splendid results in all run down conditions. This valuable preparation is kept by every good druggist and if you will secure it today and take it according to directions it will not disappoint you.

TWO MOTHERS TELL

How Their Sickly Children Were Made Strong and Well

"For six years our little girl suffered from a bronchial trouble, she had no appetite, could not sleep and was so nervous we had to keep her out of school. The doctors said nothing but a change of climate would help her. We were discouraged, when one day a friend asked us to try Vinol and after taking six bottles she does not look like the same child. She has a fine appetite, is lively, healthy and well and Vinol did it all." Mrs. F. E. Hufford, Iola, Kas.

Another child made strong:— "The measles left my little girl thin and delicate and the doctor's medicine did not seem to build her up. I read about Vinol and got a bottle, and her improvement was rapid, her strength returned and she is now as well as ever." Mrs. E. L. Mott, Pittsburg, Pa.

We ask every Charle-roi mother of a frail, sickly, ailing child to try Vinol in our guarantee to return their money if it does not restore her child's normal health.

Corns Loosen Off With Magic "Gets-It"

2 Drops Do the Work, Painlessly.

"I tell you, before I heard of 'Gets-It' I used to try one thing after another for corns. I still have them I used bandages and they made my

toe so big it was murder to put on my shoe. I used knives and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and scissors, but now no more fooling for me. Two drops of 'Gets-It' did all the work. It makes the corn shrivel and get so loose that you can just pick it right off with your fingers."

There has been nothing new discovered for corns since "Gets-It" was born. It's the new way—the common-sense, simple, sure way. "Gets-It" is sold everywhere. 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

"Sold in Charle-roi and recommended as the world's best corn remedy by Piper's Drug Store, Frank, J. Johns, John P. Carroll's Drug Store, Hennings Drug Store."

MRS. KIESO SICK SEVEN MONTHS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Aurora, Ill.—"For seven long months I suffered from a female trouble with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my housework, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for themselves how good it is."—Mrs. CARL A. KIESO, 596 North Ave., Aurora, Ill.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

MARIANNA PRISONER TAKEN TO THE FAIRVIEW ASYLUM

Jailer David Creigh and Constable George Mosley of Washington went to Pittsburg Thursday and to Westmoreland penitentiary, where they secured Fred Kolbus, serving sentence there for the murder of M. Cohen at Marianna on May 16, 1915. They left Pittsburg late Thursday night with the prisoner for Fairview, Wayne county, which place they will reach this afternoon. Kolbus has been found insane, and by order of court, upon the report of the commissioner, has been committed to the institution for criminal insane at Fairview. M. Cohen was a merchant at Marianna at the time he was killed. Masked burglars entered his home one evening and when Cohen resisted, he was shot. Kolbus was among those arrested and it was proven that he was connected with the crime. He has been suffering with melancholia since his imprisonment in the penitentiary. Fairview is in the northeastern part of this state.

Large Band of Gypsies Camped Near

Encamped along the road to Bentleyville is a band of gypsies numbering probably 150, including half a hundred children. They are said to be engaging in the usual vocation of gypsies, which runs chiefly to fortune telling.
Thursday four of them came to Charleroi. Before they left they were hailed before the burgess charged with making away with money belonging to a man they accosted in a local hotel. They were fined \$5 and after paying it left.

ANNUAL CONCERT

Continued from page 1.

Valeria Cocain and Florence Clark. A piano solo was excellently played by Miss Mary Welch, her rendition being "Pleasant D'Etouilles," Wachs. Violin numbers by a quartet and by a chorus were well done. In the second part a quartet composed of Mary Provins, first soprano, Sara Winer, second soprano, Grace Fleming, first alto and Ruth Clerihue, second alto contributed two selections and won eager applause. The mandolin club played in part one, "A Stroll Through Calm," Derrin and in the second part "The Colored Guitars," Mary Berryman and Irene Manoni; Weidt. Their renditions were without fault. The girls' glee club sang two selections and sang them well, one "Down in the Dewy Dell," Smart and the other "Somewhere a Voice is Calling," an arrangement by Daniel. The high school chorus sang the part song, "The Kerry Dance," Molloy.

GARDEN COLUMN

By National Emergency Food
Garden Commission

Compost.

The Government itself is making
preparations for a war that will last
at least another year. The home
gardener who is aiding his country
by producing much of its own food
need, cannot do less, says today's
bulletin from the National Emer-
gency Food Garden Commission.
Therefore, the bulletin continues, in
gardening this year the worker
should continually be preparing for
next year. One principal asset which
he can store for next year's needs is
the experience which will enable him
to get constantly better garden re-
sults. More concretely, he can start
now making a compost bed for next
year's uses.

Compost is one of the "quickest"
forms in which fertilizer can be ap-
plied to the soil. It can be used
profitably in next spring's seed beds and
in the seed boxes which will be used
for starting plants indoors near the
end of next year. It is also valua-
ble for use in the garden. It is a need warm soil in
the spring and top dressings of
garden beds which quick action of
fertilizer is desired.

Compost consists of fine, thorough-
ly rotted manure, vegetable matter,
and soil mixed together. As soon as
you start to gather any garden crops
you can begin composting the waste
portions. The pea vines, the turnip
tops, and waste lettuce leaves can
all be thrown into the compost bed.
In the city lawn clippings are espe-
cially desirable in the compost bed.
Street sweepings—if you are sure
they are free from automobile oil—
will help greatly to increase the fer-
tility of the compost.

It will pay the permanent gardener
to build a permanent pit for compost
lining it with concrete.
